Re: Draft Part 71 Operating Permit, Permit #V-UO-000979-2017.00, Andeavor Field Services, LLC, Walker Hollow Compressor Station

Dear Mr. Gibbons:

The U.S. Environmental Protection Agency, Region 8, has completed its review of Andeavor Field Services, LLC's application for the Walker Hollow Compressor Station to obtain an initial Clean Air Act Title V operating permit pursuant to the Title V Operating Permit Program at 40 CFR part 71 (Part 71). The EPA received the complete application on November 29, 2017.

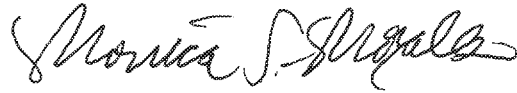

Enclosed you will find the draft Part 71 operating permit and the corresponding Statement of Basis. The regulations at 40 CFR 71.11(d) require that an applicant, the public and affected states have the opportunity to submit written comments on any draft Part 71 operating permit. All written comments submitted within 30 calendar days after the public notice is published will be considered by the agency in making its final permit decision. The public comment period will end on Friday, May 4, 2018.

The conditions contained in the permit will become effective and enforceable by the agency if the permit is issued final. If you are unable to accept any term or condition of the draft permit, please submit your written comments, along with the reason(s) for non-acceptance to:

Part 71 Permitting Lead  
U.S. EPA, Region 8  
Air Program (8P-AR)  
1595 Wynkoop Street  
Denver, Colorado 80202

If you have any questions concerning the enclosed draft permit or Statement of Basis, please contact Colin Schwartz of my staff at (303) 312-6043.

Sincerely,

A handwritten signature in black ink, appearing to read "Monica S. Morales". The signature is fluid and cursive, with the first name "Monica" being the most prominent part.
